

GREENVILLE COUNTY SUBDIVISION

SIGN POSTING GUIDELINES

NOTE: Failure to comply with the posting requirements constitutes failure to comply with Land Development Requirements (**Article 3, Section 3.1**) and will result in the removal of the application from the Planning Commission agenda and forfeiture of the application fee.

HEIGHT:

The sign must be clearly visible from the road to ensure maximum visibility to the public.

NUMBER:

One sign minimum. If road frontage is greater than 1,000 feet, additional signs to be spaced evenly along road frontage (or be placed at the centerline of proposed road, if applicable).

See Illustrations →

MOUNTING:

The sign should be posted on the property involved and must be viewable for both directions of traffic.

LOCATION:

The location of the centerlines of any proposed new roads which intersect the existing road should be staked and flagged with the sign.

TIME OF POSTING:

The Applicant must post signs on the property by the Posting Deadline. Signs must be maintained for the required posting period in such a manner as to ensure legibility.

DAMAGED OR DESTROYED SIGNS:

If additional signs are required, they may be obtained from the Greenville County Subdivision office.

REMOVAL OF SIGNS:

All signs must be removed after the Planning Commission Meeting.
